

BROADREACH NATURE

Vision Berry for Dogs and Cats, Puppies and Kittens 100g powder / 60 capsules -

Suitable for dogs and cats from 6 months of age

- As winter approaches and its generally darker it is important to support our Pets vision which can be affected by lower light.
- Older animals are particularly affected by age related changes which can worsen vision.
- Not being able to see and identify their environment and other animals can lead to stress and anxiety, and short winter days don't help.
- Vision Berry is designed to specifically target eye health, to support patients with dry eye, inflammatory eye conditions, cataracts, degenerative eye disorders and age related vision changes.
- Backed by science and developed by veterinary experts.

Key ingredients include:

- **VIS-EASE** - A unique phytochemical blend of natural herbs including Blueberries (Cyanococcus) – that supports healthy vision, particularly the retinas.
- **Spirulina (Spirulina plantensis)** - Contains polysaccharides that maintain corneal health and provide a natural source of Omega 3 fatty acids.
- **Saccaromyces cerevisiae** - Contains high levels of B vitamins and B glucans that favourably influence gut and overall animal health. A natural probiotic.
- **Curcumin** - Reduces stress on eyes and maintains healthy sight. Provides anti-inflammatory and anti-allergy effects and helps dry eye conditions.
- **Taurine** - The most abundant amino acid in the retina and supports healthy optic nerve function
- **Zingiber officinale (Ginger)** - Protects against diabetes induced cataracts.

AIDS: Eye health, dry eye, inflammatory eye conditions, cataracts, degenerative eye disorders and age.

COMPOSITION: Vision Berry Proprietary Blend Blueberries (Cyanococcus), Spirulina (Spirulina plantensis), Vis-ease (a unique combination of phyto chemical blend of natural herbs 220mg, Saccharomyces cerevisiae 130mg, Zingiber officinale (Ginger) 10mg, Turmeric root (Curcuma Longa) 60mg, L taurine 30mg, Vegetable cellulose capsule 100mg.

5-Star review!

Vision Berry Powder

"One of my Spaniels Leo has just turned 13 last week and after a couple of weeks using this product his eyes look so much brighter. It is so easy to use as I just sprinkle a small amount on his food. I would really recommend this product for eye health and brightness"

5-Star Review for our Vision Berry Capsules!

"My young cocker spaniel, Willow, suffered really badly this year, from grass allergies and her eyes would be almost closed from the inflammation. I prefer to use natural products as much as possible so when I came across the vision berry capsules I decided to try them. I can honestly say they are a game changer. Her eyes are bright and she looks happy and relaxed, enjoying the great outdoors again. Thank you Broadreach"

-Neil Flack

5-star review for our Vision Berry!

"As the owner of an elderly dog, I was concerned about Jack's eye health as he had been experiencing dry eye. His eyes looked quite sore and itchy. After using the Vision Berry Capsules for a month, I can definitely see a huge improvement. His eyes are calming down and the soreness has gone. He's not rubbing his eyes on the grass any more, either. I will definitely continue using them now as he's happy again and living his best life"

-Sue (customer)

Vision Berry Powder 5 Star Review

"We have gone from cleaning eyes every day to maybe once or twice a week. Great product and great customer service!"
