

# Generating a CD Form in NVS Online

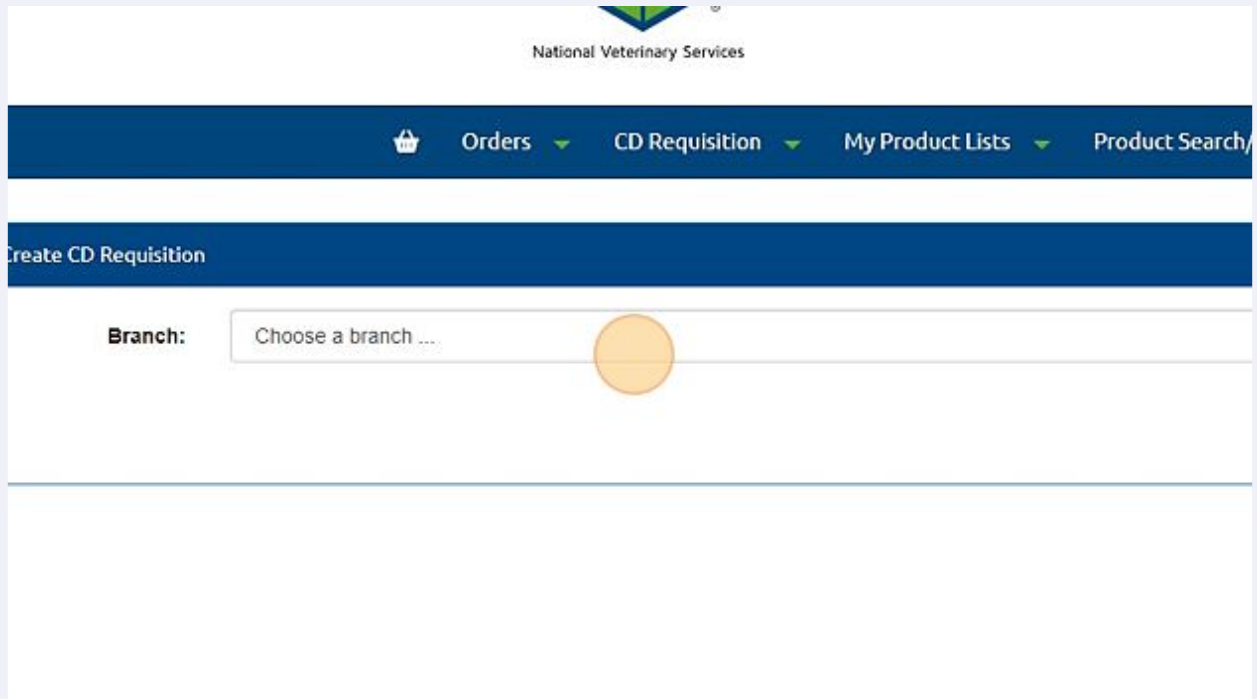

National Veterinary Services

1 Navigate to [www.nvsonline.co.uk/cd-requisition/create/add-p...](http://www.nvsonline.co.uk/cd-requisition/create/add-p...)

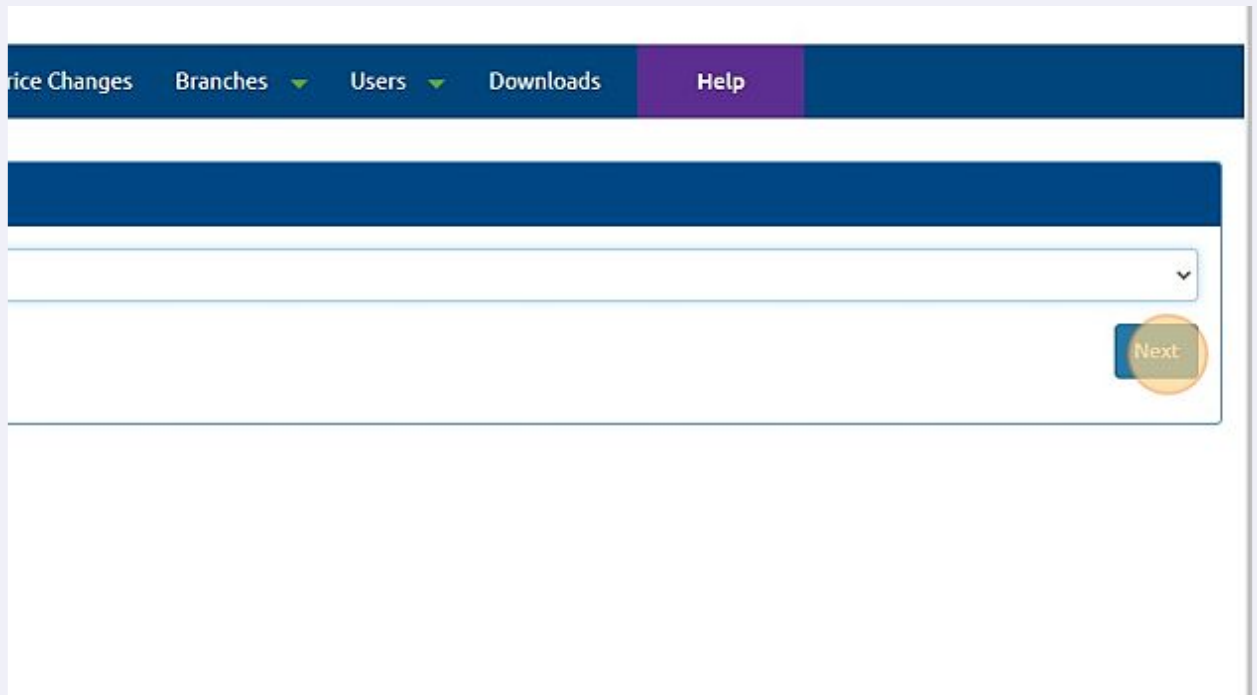

2 Click "Create CD Requisition"

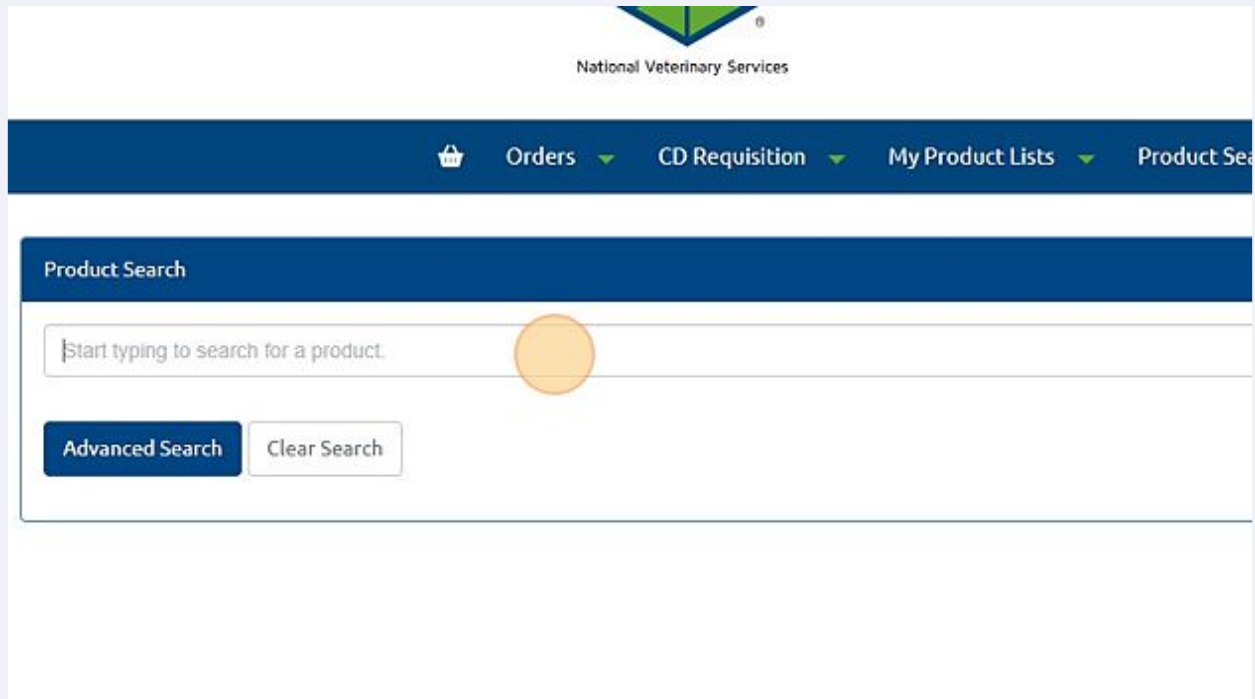

3 Click this dropdown to choose a Branch

4 Select a Branch and Click "Next"

- 5 Click the "Start typing to search for a product." field.

- 6 Type the name of the desired Controlled Drug to generate a search.

7 Click "Add" on the product you're looking for.

A screenshot of a web application interface showing a table of products. The table has three columns: 'Price', 'Product Code', and 'Quantity'. There are three rows of product data. Each row has a green 'Add' button to its right. A yellow checkmark icon is overlaid on the 'Add' button for the first row. Below the table is a button labeled 'Find More Products >>'.

Price	Product Code	Quantity
	787085	1
	787097	1
	905525	1

Find More Products >>

8 Click "View Controlled Drug Requisitions"

A screenshot of a modal dialog box overlaid on a blurred background of the product list. The dialog box has a yellow warning icon at the top. The text inside reads 'Item added to Controlled Drug Requisitions' followed by 'ANESKETIN INJ (CD SCH 2)'. At the bottom of the dialog are two buttons: 'OK' and 'View Controlled Drug Requisitions'. The 'View Controlled Drug Requisitions' button is highlighted with a yellow circle. The background shows a table with columns 'Product Code', '5ML', and '£15.70'.
