HEALTHCARE from NVS

National Veterinary Services

398883	Antiseptic Skin Spray	100ml
398871	Antiseptic Skin Spray	750ml

Great for everyday use, flushing and disinfecting cuts, grazes, clipper nicks and hoofs

Select from NVS Antiseptic Skin Spray contains a powerful antibacterial, antiviral, and antifungal solution and is gentle enough to use on all pets and animals. This revolutionary spray kills 99.9999% of all bacteria on contact. Our spray is made with hypochlorous technology and contains only water, salt, and hypochlorous acid and is pH neutral.

Perfect for:

- ✓ Flushing and disinfecting cuts and grazes, clipper nicks
- ✓ Hoof and frog disinfection
- ✓ Skin irritations and abrasions
- ✓ Post-surgical sites
- ✓ Insect and tick bites

Vet-approved:

An advanced antiseptic that replicates the power of the immune system. Fully compliant with the UK and European Biocidal Products Regulations for type 3 veterinary use.

Contains: Hypochlorous Acid (0.015%), Water, Salt.

Natural, Alcohol Free, Phosphate Free, Fragrance Free, Paraben Free: Contains no alcohol, harmful chemicals, antibiotics, or preservatives and derived from natural ingredients.
