Feeding & Use

Species	Animal weight	Administration (ml)
Puppies & kittens	<10kg	2ml
	10-25kg	4ml
	>25kg	6-8ml

For new-borns give 1ml as soon as possible after birth and repeat 5 hours later. Repeat again on the 2nd day. If additional support is required after 2-3 days, administer 2ml and repeat for up to 3 days.
